

FRITZ!Fon C4

The Feature Telephone for the FRITZ!Box

FRITZ!Fon C4 is the perfect supplement to all FRITZ!Box models with a DECT base station.

High voice quality, convenience and Internet services, long operating time and simple operation make the FRITZ!Fon C4 a practical all-rounder. FRITZ!Fon C4 also impresses with its many web and value-added services including e-mail, web radio reception and subscriptions to news feeds and podcasts.

FRITZ!Fon C4 masters all common convenience features. What is more, in combination with a FRITZ!Box it provides digital answering machines and an easy-to-read call list as well as multiple telephone books with up to 300 entries. Received calls, messages on the answering machine, e-mail, and software updates are all signaled on the FRITZ!Fon C4 display and the MWI button, where they are available at the push of a button.

Equipped with powerful processors and extensive memory, there is plenty of room to add new applications. Indeed, the FRITZ!Fon C4 is built to learn: The cordless telephone can be updated with new functions at the touch of a button.
